

Masterton District Council

At Large

Electing 5 Councillors

Brent GOODWIN

As in the past I'll continue to press for lower rates and less extravagance on non-core spending. Council has finally started to address its run down infrastructure, which coupled with past extravagance is resulting in unnecessarily high rates rises.

I'd like your support to continue this quest. I have run the Regent Cinema since 1989 and I simply want a Council that takes the same care with your money that most of us take with our own.
