

Masterton District Council

At Large

Electing 5 Councillors

Bruce LAING

Married to Bonnie with two children of primary age.
Resident of Tinui, after living in Masterton for twenty great years.
Wairarapa born and bred.
I stand for change, trust, efficiency and value for money from council consultants and contractors.
We have a broken rural waste system and I will strive

for a seven day service at the same cost as the six hour service offered at present.

I feel that amalgamation is likely and think we should take this opportunity to bring together a team of salaried staff that can solve problems without the reliance on consultants.

We need to be able to pin the tail of responsibility on the donkey.
