

Find more than 700 free car parks within a 5-minute walk of Masterton's main street.

Things to know:

- You can use these parks for free, 24 hours a day, 7 days a week.
- In shared car parks a white P indicates the free public parks.
- A mobility card gives you 50 percent extra parking time per visit. For example, a vehicle parked in a P120 space will have 180 minutes of parking time.

Things to do:

- Check for a time limit sign in the carpark. You could get a fine if you stay longer.
- Make sure you park inside the white lines.
- Display your mobility badge if you are using a mobility park.
