Submission Statement

The specific parts of the Proposal that this submission relates to.

I fully support all aspects of the application which is the result of numerous community consultations and is the best solution for allowing our town to move forward.

The council has completed numerous consultations as outlined in the application and the community clearly reflected that the cost of repairing the building is un-affordable and will remain so. The best solution is therefore to knock it down as quickly as possible so that the community can start to think about what might go in its place. All the time it remains standing, it simply maintains ongoing debate and division in the community about whether it can be saved.

Decision you want the Council to make:

☒ Grant the Consent ☐ Decline the Consent ☐ Grant the Consent with Conditions
